TRY OUT FOR YOUR LOCAL FIRE JUNIORS SOCCER CLUB THIS SPRING!

CHICAGO FIRE SOCCER CLUB
PYRAMID OF PLAYER DEVELOPMENT

ONE BADGE ONE CLUB
PHILOSOPHY

The Fire Juniors is the first youth program of its kind in Major League Soccer (MLS) and creates a true player development "pyramid" in order to maximize player development potential. This "pyramid" creates a progressive developmental structure providing players the opportunity to move from introductory play, competitive play and elite youth play into professional academy formats (Fire Academy U16, U18), a pathway way into collegiate play and professional development programs (Super 20, PDL) - finally, onto the Chicago Fire MLS first team.

Why the Florida Fire Juniors?

The Florida Fire Juniors is a first class professionally run organization that will produce teams who will consistently compete at the highest level and consistently develop players who play at the highest levels. The Florida Fire Juniors maintains the infrastructure for player and team development that produces the highest quality player and team results. As part of the Chicago Fire Player Development Program, Florida Fire Juniors players have access to unparalleled opportunities for soccer development...opportunities that no other club can provide. Youth to professional, top quality leadership and coaching, always ahead of the curve and leading the way...

TRYOUT REGISTRATION AVAILABLE ONLINE – [REGISTER TODAY!](#)
